ABOUT US

Imkaan Welfare Organization was founded on the tenet that each child not only has the right to live but to thrive.

Based in Machar Colony, the largest slum in Karachi, Imkaan focuses on overall wellness of children and the community through education, recreation and sports, healthcare and solid waste management

OUR PROJECTS

SEHAT GHAR - A HEALTH INITIATIVE

Under this project a 24/7 maternity home plays its part in curbing infant mortality rate in the community and giving pre and post natal care. With no other maternity home or hospital in the vicinity, the women of the community are provided with a safe and medically conducive environment to give birth.

KHEL - A LEARNING & RECREATIONAL CENTRE

Khel - a learning & recreational centre was established to ensure a safe space to children in an attempt to restrict exposure and involvement in anti social activities 170 registered children at Khel are provided informal education, access to physical activities in the form of gymnastics, table tennis and other sports and self-expression through art and performing arts. Reinforcing their sense of self and dignity is an important component of the programme.

PASBAN-E-MAHAUL - A SOLID WASTE MANAGEMENT PROJECT

Pasban-e-Mahaul is potentially a project that can be handed over to the community. We have door to door collection of solid waste and its disposal. The same results in a cleaner environment for all residents of the community.

IMKAAAN GHAR - A SHELTER FOR ABANDONED BABIES

Imkaan Ghar is a shelter for abandoned babies. We rescue, give emergency care to children and ensure that they are placed with forever families.
